# ABOUT US

JK International is an organization that has been actively manufacturing and exporting a wide range of quality garments and accessories to countries all over the world.

We offer **Menswear, Womenswear and kidswear.**

Over the years, we have exported a variety of products to countries like **The United States of America, Germany,**

**United Kingdom, Australia** and many others.

Our **USP** is the accurate and timely delivery of our products, even if they are bulk orders. Irrespective of whether you are a budding designer who requires small quantities, or an established organization that requires larger quantities. You can think of us as a one-stop solution for all your garment related needs.

## We specialize in
